23rd August

Where possible, we will be looking at booking a session at Joss Bay Surf School

Hartsdown Improvements

The club have been working with Your Leisure for over 8 months planning and financing the installation of the Electronic Timing Equipment.

Following a drawn out process of obtaining structural approval, the installation was completed with the help of Mr & Mrs Carrick, who were able to provide and fit the steel structure.

The equipment has now been tested at both the County Qualifier and Junior Development Gala. The club continue to work closely with Your Leisure to enhance the facilities, with some interesting projects being considered. WATCH THIS SPACE

Social Committee

Set up over the last 12 months, the club has enjoyed some excellent social events. There is always room for more volunteers, so if you would like to join the team, please see Lisa Sullivan (Sommer's Mum)

Call for Helpers

To enable the club to both host and attend galas, we are reliant on volunteers to cover the roles of officials, timekeepers, marshalling, system operators, refreshments plus many more. Soon we will be asking all parents of swimmers in our competitive squads, to choose a role that they are willing to assist with.

Gala Results

Over the past month, we have seen some excellent swims, with many club records being broken and County, Regional and National qualifying times being achieved. Please remember we post our press articles on the website prior to them being in the paper.

All change

Following the recent pool time review, the club have been reviewing the impact of the change of hours. From the 31st March, there are some changes coming into effect that will impact all squads, with the exception of the Sunday Club. A letter will be sent out to all parents in the coming week to inform you of the changes.

GOOD LUCK!

Finally, good luck to all our swimmers competing in this year's Kents. Lets have a successful and well behaved championships.

The Club is hosting the Kents on 1st March and any funds raised from the raffle on the day will go to Thanet. Any items for raffle prizes please pass to Scott Miles or Karen Palmer-Jones
